

Quick Reference Guide: Your New Banner Bar

eScribeHOST will be updating the display of the Banner bar in early December 2018. The new look is more graphic and less text-based and provides more room on the screen for content display.

Changes to Module Tools

- o The module bar was eliminated.
- o Module tools were converted to icons and moved up into the Banner bar.
- o Mouseover displays the module name for each icon below the icon.

Colors and Counter Bubbles in Module Icons

- o The yellow background was removed.
- o All counter bubble are unchanged.

Other Changes

- o The Patient Lookup field is narrower but expands to the right when clicked.
- o The logout tool icon was changed.
